FUN FITNESS

FRESH FACE

Did you know that top industry scouts, agents and managers will be in attendance at The iam Convention?! You can be scouted during select optional contests including Runway Model Search, Fun Fitness, and Fresh Face!

To help you prepare for Nationals, we are including the official walking patterns for Runway Model Search, Fun Fitness, and Fresh Face.

RUNWAY MODEL SEARCH

This competition is formatted exactly like a professional runway fashion show, utilizing a T-shaped runway and modeling music with a solid beat. Your contestant number will be announced; then, you will take the runway and follow the walking pattern below. Please, no overly flouncy skirts or excessive turns. Look straight the entire time. **Do not** look at the judges. See page 56 in your National Guidebook for more information on this Optional Contest.

FUN FITNESS

Contestants will follow the walking pattern below. A flex pose is allowed at any mark but is OPTIONAL. Contestants will not be allowed to deviate from the routine (please, no embellishments or tumbling). They will be scored on fitness, personality, stage presence, confidence, and overall presentation. See page 59 in your National Guidebook for more information on this Optional Contest.

FRESH FACE

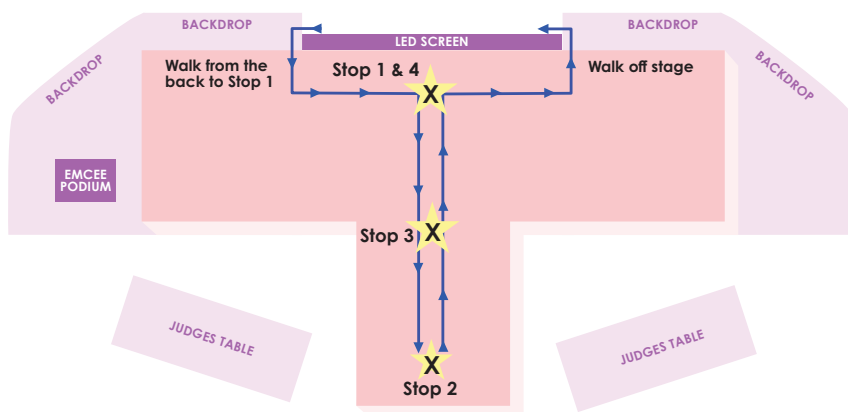

Utilizing a T-shaped runway and modeling music, you will take to the runway. You will follow the walking pattern below. Look straight the entire time.

Do not look at the judges. See page 60 in your National Guidebook for more information on this Optional Contest.

Hitting your marks:

- Each STAR indicates a stopping point. You will hit back center twice which is why it's labeled 1 & 4.
- You may do 1 pose and 1 transition per star.
- No walking turns between the stars. We want to see your straight runway walk.
